中国(深圳)绿之宇科技有限公司
SHENZHEN OASIS ECO TECHNOLOGY CO.,LTD
2014-2015 精品集

绿之宇科技有限公司，是一家从事材料表面处理技术研发、生产及销售的专业型企业。总投资3000万人民币。多年来，投入庞大经费研究表面立体效果处理（梵登立体技术）项目。于2005年初完成产品应用技术，并获得发明专利。2005年底，公司开发出百多款图案和颜色，并获得多项外观专利，率先将此技术投入玻璃装饰应用。生产出瑰丽多姿的立体玻璃，注册为“梵登立体玻璃”“PHANTOM3D GLASS”。经过多次展会推广及其它宣传活动，已得到广大消费者、代理商、设计师的好评。到目前为止，“梵登”品牌玻璃已在中国主要城市建立了三百多家代理、分销商；香港、澳门、台湾及海外众多国家亦有营销网络。产品应用广泛：可用在装饰用平面玻璃、墙砖、地砖、夹胶玻璃、亚克力；日常生活用品如移门、卫浴洗手盆、镜框、工艺品等。到了2007年“梵登立体技术”已被应用在其他材料上：如塑胶鼠标、保温杯、移动硬盘、皮革的家具等等。

公司展望：在未来“梵登”立体产品能为装饰、电子产品、家用消费品等市场添加更多新衣，带出平面立体的潮流。

Oasis Eco Technology Co., Ltd. (namely Oaetcl), with a total investment capital of RMB300 million, is a professional firm engages in the R&D, production and marketing of surface treatment technology.

For 3 years, the technology is applied in interior decorative material. This core product has been patented and registered as "Phantom-3D". Today the product line are of >300 styles/colors, product types includes decorative glass panel, tiles, corboard doors, and laminated glass. The network is having >300 dealers in China, and sales grows stable in overseas market.

Not only that, the technology has been widely used in other industry and materials. It applies on metal, plastics, and fabric leather. Related product includes cover of PC mouse, mini-HD, furniture. While the market is picking up after turmoil, Phantom-3D is a good choice for overseas' decoration market. It adds "high value" to a lot of interior projects. With her special effect, unique style, colorful air, it will not only substitute a lot of traditional materials, but also well match and jointly use with other materials.

We invite high calibre to join us to jointly expand market exposure in overseas.

十一大系列产品

PHANTOM 3D Glass is formed with a proprietary coating technology that renders a unique "stereoscopic" effect. Enhanced spatial contrast and clear pattern delineation imparts the surface vivid graphics that are eyepleasing. An additional protective coating or membrane on the backside gives the glass durability and safety. This technology is protected by several patents.
